

Sanitaire SC684 Back Wheels Replacement

This guide will give step by step instructions to replace the back wheels of a Sanitaire SC684.

Written By: Caycie Pascual

TOOLS:

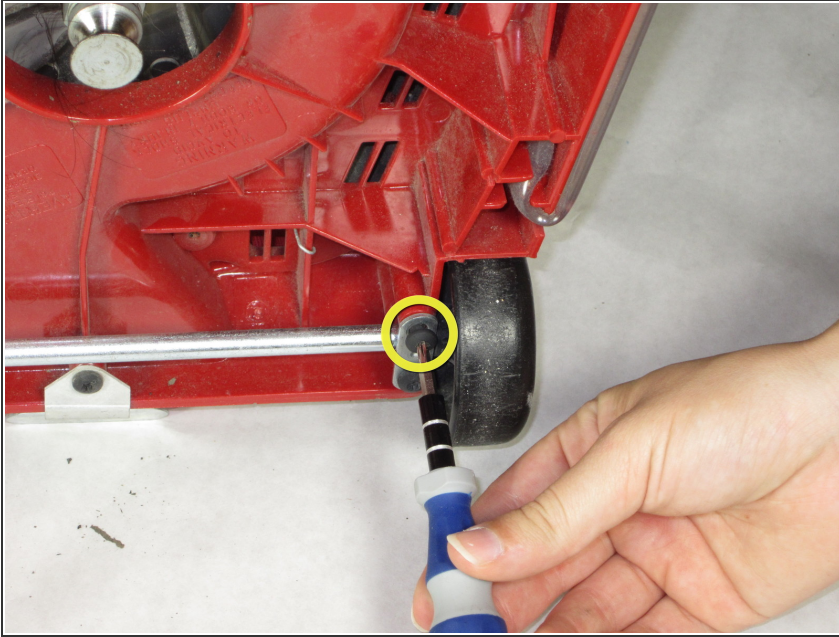

- [Phillips #1 Screwdriver](#) (1)

PARTS:

- [Wheel and Axle Assembly Part # 37234-1](#) (1)
Sanitaire SC684

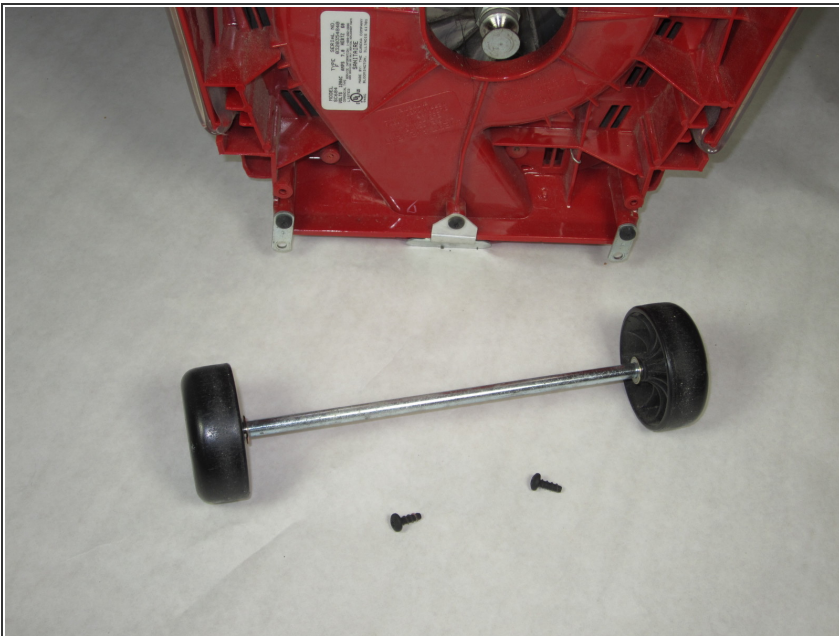

Step 1 — Back Wheels

 Be sure to unplug the vacuum before disassembling to prevent electric shock.

- Lay the vacuum on its side.
- Remove the two screws with the Phillips #1 screwdriver that are securing the axle of the back wheels.
- Repeat for the other wheel.

Step 2

- Pull the wheel's axle towards you and replace back wheels. The wheels come as a unit with the wheel's axle.

To reassemble your device, follow these instructions in reverse order.
